What do we do?

AsiaLink is an inter-denominational Christian mission agency based in the UK and working to connect the church with ministry among the unreached peoples of Asia. AsiaLink partners with national believers in many countries of Asia, which include China, Vietnam, Laos, Iraq, Bhutan and N.Korea. Asia-Link supports evangelists and church planters in some of the most inaccessible areas and also prints and distributes Bibles and Christian literature in restricted-access countries.

A separate ministry of AsiaLink is to provide information and resources to encourage missionary vision and passion for those who remain unreached.
